

SENATOR ALLISON TALKS OF SILVER

HE FAVORS BIMETALLISM BY AGREEMENT.

The Iowa Senator Shows that Silver Sentiment is Favored in Europe—Free Coinage Here Would Retard International Action—Holds Question to be a Vital One.

Algona, Iowa, Aug. 3.—Senator William B. Allison, in reply to a request for his views touching bimetalism by international agreement, has written a letter, which has been printed by the Upper Des Moines of Algona. Mr. Allison was chairman of the United States delegation to the Brussels monetary conference in 1892, and studied the question exhaustively. He says in part:

WILLIAM B. ALLISON.

"In answer to your inquiry as respects the prospect for an international agreement to fix a ratio between gold and silver, with a view to open mints with unlimited coinage by the agreeing nations, I am still of the belief that such an agreement within a reasonable time is probable. The silver countries cannot abandon silver because of their situation, nor can they procure gold to take the place of silver, even if they were inclined to do so. Hence the necessity of a common ratio between the metals, embracing the leading commercial nations. France, Belgium, Holland, Germany and Spain have a large amount of silver in circulation, full legal tender, coined at the old ratio of 15½ of silver to 1 of gold. To melt these coins, or sell them at their bullion value, would involve great loss, which they cannot afford to bear. Other countries in Europe have, in the aggregate, a large amount of silver in circulation and are in like situation. "In England there is a growing sentiment for international bimetalism, embracing her political economists, her professors of universities, as also her manufacturers, agriculturists, ship-owners engaged in foreign trade, and many other leading bankers, and those especially trading with her dependencies, chiefly with India, embracing all classes. These are united into a formidable organization to promote bimetalism. On the continent the states of the Latin union, except Switzerland, are practically united. There is a strong sentiment in Germany in the same direction. The international bimetalists are thoroughly organized in France, Germany, Belgium and Holland. They have the full sympathy of their governments—in France, Belgium and Holland—and largely the support of the public representative men in both Germany and England. "The Brussels conference met at an inopportune time and without sufficient preparation and consultation with governments invited to participate. Such a conference, when held, should be preceded by a carefully digested plan for discussion prepared in advance by the leading governments. Thus it was at Brussels that Germany and Austria and some of the smaller states were not permitted to act and vote in the conference, and therefore it was a failure as respects immediate results, but it accomplished one thing of great value, namely, a general recognition of a serious evil that required a practical remedy. "The bimetalists of Europe embrace the leading writers and professors of political economy in the great universities, also those who are foremost in monetary affairs in France, Belgium and Holland, and leading statesmen in England, who are of the party now in power. Otto Arendt, a leading bimetalist, in the June number of the North American Review offers this solution: "That the nations in common create an unlimited demand for silver at a fixed gold price, and in this way create a fixed ratio, then the United States, as well as other countries, may open their mints to silver, and then that which is unattainable by compulsion will be done voluntarily—silver will again be coined. A constant interchange of opinions is going on among European bimetalists in order to work out the details of such a procedure. As soon as the programme is agreed on, which is to be done at a conference soon to be held in Brussels, it will be the task of practical politics to submit the programme to a monetary conference. "It is seen from what I have stated, and much more of like tenor might be stated, that the silver question is a vital one in a world-wide sense, and that international bimetalism is making rapid progress in Europe, and if we

make no mistake now is likely to produce a practical solution whereby silver and gold will again circulate at a practical parity in value at an agreed ratio. Yet, in the face of this, the Chicago convention urges us on to silver monometallism by the side of Asia and Mexico, bringing in its train to our country monetary evils which we cannot recover from in two generations."

WRECK ON ILLINOIS CENTRAL.

Two Killed and Eleven Hurt in a Collision Near Clinton, Ill.

Clinton, Ill., Aug. 3.—Two persons were killed and eleven others injured in a wreck on the Illinois Central railroad near this city. The dead: WILLIAM BAKER, mail agent. CHARLES BIRCHNAUGH, engineer. The injured: Miss Rosa Baker. George A. Boyd. N. W. Davis, trainman. Thomas C. Dukesall, trainman. Walter Evans, trainman. Jack Lovell, trainman. Louis Martin, trainman. Ollie M'Avoy, trainman. E. D. Peckens, conductor. Sherman Swartwood, trainman. J. T. Waylor, trainman. Passenger train No. 501 left Clinton at 8:30 in the morning with instructions to pass passenger train No. 504 at Birkbeck instead of Parnell, but the conductor, Scott Castle, and the engineer, Sherman Swartwood, say the name of the station was overlooked, and in passing around a bend just north of Birkbeck the two trains collided. Both engines are a complete wreck. The mail car was split into kindling wood. The trains were running at thirty-five miles per hour. Not a whistle sounded nor a bell rung. There was no time for warning. Passengers say the collision was so sudden and unexpected that no one realized what had happened until it was all over. The coaches did not leave the track. The curve in the track probably saved many lives.

STRIKERS IN UGLY HUMOR.

More Trouble Expected at Cleveland If the Militia Interferes.

Cleveland, O., Aug. 3.—The situation in connection with the Brown Hoisting works strike is very serious, and apprehension that more bloodshed will occur today is general. The shooting of Prinz, a union molder, by one of the non-union men Saturday has inflamed the passions of the strikers, and even union men who have hitherto done their best to restrain lawlessness are seemingly changing their views.

A company of forty striking molders was organized and armed with revolvers. Threats are openly made that the troops will be resisted if they attempt to clear the streets. The non-union men are known to be badly frightened, and only a few of them are expected to report for work in the morning. Fayette Brown, president of the company, has declared he will not yield an inch, and the strike leaders openly say it has become a fight to the death.

Master Machinist O'Connell of the Machinists' union has sent for the heads of all the big labor unions of the country, and a conference will be held here as soon as these men arrive. A general strike is not only possible, but very probable.

Mr. Sargent's Annual Report.

Peoria, Ill., Aug. 3.—F. P. Sargent, grand master of the Brotherhood of Locomotive Firemen, who has just returned from a lengthy trip in the east, is now at work on his annual report to be presented to the biennial convention of the order in Galveston, Texas, Sept. 14. Mr. Sargent will report a big increase in membership in the last two years, though the order is not so strong numerically as it was before the hard times set in. The order is, however, in a better financial condition than ever before. Mr. Sargent, contrary to the custom of the grand officers, will recommend Peoria as the next meeting place and do what he can to bring the convention to this city. He thinks it should be held at headquarters in order to give the delegates an opportunity of seeing what the order is doing.

Indiana Miners Encouraged.

Shelburn, Ind., Aug. 3.—Indications now point to a speedy resumption of work at Linton, Niggertown, Farnsworth and several other points throughout the state. The citizens and miners of Hymera held a meeting Saturday, when a proposition was made to Manager Buchanan of the Hymera Coal company that if the company would rebuild the plant the miners would donate six days' work each. The citizens also agreed to contribute liberally. Manager Buchanan said he would consider the offer and give them an answer in a short time. He thought the company would accept.

Think the Strike Is Ended.

New York, Aug. 3.—The striking tailors held a large and enthusiastic meeting Sunday at the Windsor theater. At the headquarters of the contractors Benjamin Deussen insisted that the majority of the strikers would return to work during the week. He also announced that many warrants would be issued for the arrest of strikers who, he said, have indulged in rioting. Seven or eight of the contractors and their friends, it is alleged, have been assaulted by the strikers and additional trouble is feared.

NEWS FROM ABROAD IS HERE SUMMED UP

DEATH OF A GREAT BRITISH SCIENTIST.

Sir William Grove Passes Away at an Advanced Age—Socialist Labor Congress Adjourned Li Hung Chang Has Arrived at London—"Oom Paul" Scores Again.

London, Aug. 3.—Sir William Grove is dead. The Rt. Hon. Sir William Robert Grove, D. C. L., LL. D., P. C., F. R. S., was born July 11, 1811. He was educated at Oxford, where he proceeded to the degree of M. A. in 1833. Two years later he was called to the bar at Lincoln's inn. Being temporarily prevented by ill health from following the legal profession he turned his attention to the study of electricity, and succeeded in 1839 in contriving the powerful voltaic battery which bears his name, and the gas battery.

Sir William made several important discoveries in electricity and optics, and he was the author of a remarkable lecture delivered in January, 1842, and printed by the managers on "The Progress of Physical Science Since the Opening of the London Institution." In this lecture he announced the doctrine of the mutual convertibility of the various natural forces—heat, light and electricity—and of their being all modes of motion or forms of persistent force. The doctrine is further developed in his famous essay on "The Correlation of the Physical Forces," on which he gave a course of lectures.

SOCIALIST CONGRESS ENDS.

Meeting at London Hastily Completes Its Business and Adjourns.

London, Aug. 3.—At Sunday's sitting of the international socialist labor and trade union congress the delegates adopted, after a great deal of discussion, the report of the economic industrial commission, reaffirming the resolutions of the Paris congress of 1889, including those in support of eight hours for a day's work, the abolition of child labor up to the age of 16, the prohibition of night work in all trades where there is no necessity for it and the abolition of all tariffs and duties on articles of consumption. Herr Liebknecht, the socialist member of the German reichstag, who was chairman of the day, announced that Paris, New York and a German city had been suggested for the meeting-place of the congress of 1899. The congress declined to go to a German city, but the particular spot was not decided upon and the session ended with the singing of "Auld Lang Syne," the "Marseillaise," the "Carmagnole," and with three cheers for the socialist revolution.

Li Hung Chang in London.

London, Aug. 3.—Li Hung Chang, representing the emperor of China, arrived at Southampton Sunday from Havre and was received by various officials of the government and among others by the manager of the American steamship line. The distinguished Chinese visitor proceeded directly to London, where he was installed in Lord Lansdale's magnificent mansion in Carlton house terrace, which is to be his residence during his visit in England, which is expected to last about a month. Li Hung Chang is the guest of the British government.

"Oom" Paul Scores Again.

Johannesburg, Transvaal, Aug. 3.—The Diggers News publishes an interview with President Kruger in which he says that he has declined to interfere in behalf of Dr. Jameson. The president points out that the British government has still to decide who were the ringleaders in the Jameson raid.

Michigan Democrats.

Grand Rapids, Mich., Aug. 3.—The democratic state convention will be held in Bay City Aug. 25, and at the same place and time the populist and free silver conventions will be held. It is the present plan for the three elements to combine in the adoption of an out and out free silver platform, the endorsement of the Chicago platform and the nomination of a full state and electoral ticket. The "sound money" democrats will abstain from participating in a convention which will be overwhelmingly silver. They have not yet decided upon a plan of action, but are waiting for the action of the Indianapolis conference.

Columbus Buggy Co. Assigns.

Columbus, O., Aug. 3.—The Columbus Buggy company, one of the oldest concerns of the city, has made an assignment. In the statement sent out the cause of the assignment is given as due to the general business depression. The firm employs about 1,000 men when running full force, and about 600 were at work at the time the failure occurred. No estimate of the assets and liabilities has been made, but they will each approach nearly \$1,000,000.

No Paper Money for Turkey.

Washington, Aug. 3.—The Turkish legation has received the following telegram from the sublime porte under yesterday's date: "Some malevolent people having propagated the false news that the Turkish government had the intention of introducing the paper currency, please contradict same."

BRYAN'S KITE CANT HAVE TWO TAILS

POPULIST NOMINATION TO BE IGNORED.

Chairman Jones Says Sewall Must Remain on the Ticket—Thinks the Majority of the Populists Will Vote For Bryan Anyway—Republican Campaign to be Pushed.

Washington, Aug. 3.—Senator Jones of Arkansas, chairman of the democratic national committee, has returned to Washington. When asked the question: "Will Bryan accept the nomination offered him by the populists?" he answered slowly and deliberately:

"How can he? He was nominated with Mr. Sewall on the democratic platform, and he will do nothing that will reflect upon him as a gentleman or as a democratic candidate."

"I see that some of the populists are declaring that unless Mr. Bryan accepts their nomination by Aug. 5 the central committee will withdraw his name and nominate some one else in his place. Well, let them do so. Mr. Bryan having been the nominee of the democrats and of the silver party common decency would at least suggest the propriety of his accepting those nominations first."

"But suppose the populists do nominate another candidate for the presidency, what will be the situation? Mr. Bryan received a thousand votes in their convention, and then this central committee, composed of a few men comes along and nominates a new man. It will simply mean a disruption and disorganization of the populist party."

"We all know that we are going to have either Bryan and Sewall or McKinley and Hobart. The best men and the most intelligent of the populist party will vote for Bryan and Sewall."

In conclusion Senator Jones complimented the populists of the north and west as broad-minded and patriotic men. On the other hand he said the populists of the south were out for "nothing but spoils." Mr. Jones said he did not propose to allow Mr. Watson to "bluff" him into withdrawing Sewall. He said he was willing to make fair and proper arrangements with the populists in the matter of electoral tickets, but he did not propose to consent to any improper arrangements.

WILL PUSH CAMPAIGN.

Gold Republicans of Indiana Prepare to Fight the Free-Silver Idea.

Indianapolis, Ind., Aug. 3.—The republican state committee has begun to take heroic steps in its endeavor to stop the growth of the free silver sentiment in the state. During the week representative republicans will be called to this city from every county that is reported to contain any considerable number of silver republicans, and plans for getting them back in line will be discussed. John K. Gowdy, the state chairman, who has been ill for several weeks, returned from West Baden Saturday much improved, and he announces that from this time on the campaign against silver will be pushed. The formal opening throughout the state will take place the 15th of this month, and immediately afterward a series of school-house meetings are to be held in those counties that appear to need most attention.

The committee is greatly disappointed over the failure to induce Gen. Harrison to sound the key-note on the 15th, although the committee is assured by him that he will make a series of speeches in the state late in the campaign. He had made his plans for the summer before the committee asked him to open the campaign, and he refused to disarrange them. The republican committee is doing all it can to persuade the democrats to nominate a good ticket, and whatever assistance can be rendered in securing the gold national convention for this city is being cheerfully given by the committee, which believes the convention would do the republican party of the state a good deal of good.

BRYAN WRITING HIS SPEECH.

Preparing to Launch Into the Heavy Political Work in the East.

Lincoln, Neb., Aug. 3.—Mr. Bryan occupied his usual place in the First Presbyterian church Sunday morning. Mrs. Bryan has taken charge of the devote himself almost wholly to the work of preparing the speeches for the coming trip. Pending the official notification, Mr. Bryan, on the suggestion of Senator Jones, has so far as possible avoided all heavy political discussions in his speeches. It is much more difficult for Mr. Bryan to speak without bringing in politics than it is to make an ordinary campaign address, and since the word to "go slow" came from Senator Jones he has chafed considerably. Immediately after the meeting in New York, and possibly on his way east, he will plunge into the consideration of the issues of the campaign and he will be prepared to speak several times a day if necessary.

Mr. Bryan does not know when Congressman Bland will arrive, but he will be here several days in advance of Mr. and Mrs. Bryan's departure. Mr. Bryan will consult with the Missouri free silver advocate on the silver part of his New York address and he will advise with Bland as to the best course

to pursue with reference to the different planks of the Chicago platform. It is Mr. Bryan's understanding that Bland will take part in the ceremony of notification.

Brown Faction Worst.

Kansas City, Mo., Aug. 3.—Complete returns from Saturday's democratic primaries to select county committeemen and delegates to the state convention prove the election of a majority of the anti-Brown faction's candidates. The Brown faction, which was supported by Gov. Stone, has been the leader in local politics for some time, and its defeat is the culmination of a lengthy and bitter fight.

Bryan Makes No Promises.

Lincoln, Neb., Aug. 3.—Regarding the rumor that he had promised, if elected, to appoint Gov. Altgeld attorney-general, W. J. Bryan said: "In order to answer once for all rumors in regard to places promised, I desire to say that I have not directly or indirectly promised any office of any kind to any person whomsoever, and shall not during the campaign promise any office to any person whomsoever."

GLASS WORKERS TO UNITE.

All the Unions to Amalgamate Under a National Head.

Elwood, Ind., Aug. 3.—It is given out that in a few days there will be a call issued for a meeting of the window, flint and glass workers' unions to take steps to at once form an amalgamation under one national head, each branch to preserve its distinct existence, but be under the control of the national committee made up of representatives of each branch. This would make the 20,000 membership of skilled workmen work unitedly on any subject affecting any branch of the amalgamation, and as each branch now has about \$200,000 in the treasury, it would afford ample backing and insure the success of the undertaking, which is one of the most gigantic ever conceived in the domains of union labor. It is not known yet where the meeting will be held, but most likely at Pittsburg about the middle of the present month.

GOLD MEN MEET.

Considered Certain that Another Convention Will Be Held.

Chicago, Aug. 3.—The executive committee of the national "sound-money" democracy met Saturday morning at the Palmer house. Gen. E. S. Bragg presided. The report of W. D. Bynum and Henry S. Robbins, who have been attending to the detail work of the organization, showed that there were "sound-money" organizations in thirty-one states, and that number, in the minds of the members of the committee, was enough to justify the calling of a convention. After the meeting Gen. Bragg said that he was certain that there would be another national ticket nominated. The committee instructed Messrs. Robbins and Bynum to continue in the work of organization.

The Illinois "sound-money" democracy state convention will be held in Chicago Tuesday, Aug. 25. This was decided at the meeting of the state executive committee which was held Saturday.

Quest Will Be Held Today.

Atlantic City, N. J., Aug. 3.—After much perplexity, resulting from many cases of mistaken identification, the number of dead as a result of Thursday's awful collision on the meadows has been positively fixed at forty-four. More than a score of subpoenas have been issued for the inquest, which begins to-day. Fireman O'Houllhan of the Reading train, who saved his life by leaping from the cab a moment before the collision, will probably give the most vital testimony. George Hauser, the operator in the tower, has only held that position a month, but he declared to the coroner that he had given the proper signals—danger to the Reading and right of way to the West Jersey,

LIVELY TIME AHEAD IN BADGER STATE

SOMETHING OF POLITICAL SITUATION IN WISCONSIN.

The Sound Money Democrats are Hard at Work Preparing for the State Convention—Republicans Interested in the Canvass For the Nomination For Governor.

Milwaukee, Wis., Aug. 3.—The political situation in Wisconsin at the present time is full of interest for all parties. The republicans are on the eve of what promises to be the most exciting state convention in their history. The "sound money" democrats are anxiously awaiting the outcome of the conference in Indianapolis this week. The work of perfecting the "sound money" organization in the meantime is being vigorously pushed by Ellis B. Usher of La Crosse, who reports progress of a most encouraging character. The silver democrats are resting on their oars waiting for the outcome of the state convention, which will be held Sept. 2 at the Fabst theater in this city.

While there are six candidates for governor, only two, La Follette and Scofield, have shown much strength. Ever since the first batch of county conventions was held La Follette has been in the lead. His supporters claim that he will not only have a big lead on the first ballot, but will have nearly enough votes to nominate him. As there are 680 delegates, 341 votes will be necessary to a choice.

Three Drowned at La Crosse, Wis.

La Crosse, Wis., Aug. 3.—While boating Sunday afternoon, shortly after 4 o'clock, Henry Hendrickson, Anna Amrusd and Lizzie Oldstad, three La Crosse young persons, were drowned in the Mississippi river, just below the city. They were rounding a head in the river, where the current was very swift, and the boat became unmanageable. The boat with its occupants was pulled under some barges which were moored near by. Not one of the occupants could swim and they were all drowned.

STORM IN OHIO.

Cincinnati and Its Suburbs Visited by an Awful Rush of Wind.

Cincinnati, O., Aug. 3.—Many people here visited the scenes of the hurricane of Saturday in the northern suburbs. The public did not know what a narrow escape the city had till then. With the wind blowing sixty miles an hour and a rainfall of two inches within two hours the weather bureau man says the city was fortunate in escaping with only property damages. The wind swept straight across the city and its suburbs. It unroofed hundreds of buildings that were occupied, but all the buildings demolished were either old structures, barns and sheds or buildings in process of construction. All the railways are entering the city on time, but some of the street railways and the telephone lines are still disabled.

The only death reported was that of Charles Bouhe, who picked up a telegraph wire that had blown into his yard on the Carthage road. The wire crossed a trolley that was also blown down. John Hammer of Covington, Ky., also picked up a wire and was unable to release himself. His condition is still doubtful.

Among the others who are prostrated from lightning shocks experienced Saturday afternoon and evening are Taylor Greenwald, Mrs. Oliver Greenwald, Mrs. A. Ritchie, Harry Marschneider, William Ziser, John Holinger, Edward Chagger, Miss J. Deere, John Bringer, Edward Staggenmiller, John Scharrid and Miss Nellie Finan.

The lightning struck hundreds of places in and about the city and hundreds experienced severe shocks who were not prostrated.

Newton, O., Aug. 3.—A furious rain, hail, wind, thunder and lightning storm visited here Saturday afternoon. The country was flooded. The Astler hotel was destroyed. A tenting party of 100, including women and children, had a narrow escape from falling trees.

Duane Webster Safe in Jail.

Butler, Ind., Aug. 3.—But few people knew of the arrival of Duane Webster, who, it is alleged, attempted to murder his father and mother near here Thursday night, at the county jail last night until yesterday. While there is still talk that he should be dealt with not according to law, the wiser ones have prevailed on others that nothing should be done until it is known just what the result of his alleged attempts at murder shall prove. His mother's condition is improving and the physicians express hopes of her recovery. Mr. Webster is able to be around and conversed freely with the crowds of curious people who were drawn to the scene of the tragedy. Sheriff Stroth is taking every precaution to protect the life of the prisoner.

Pittsburg Labor Trouble.

Pittsburg, Pa., Aug. 3.—The United Labor league has decided to take up the fight of the employees of the Consolidated Traction company for the recognition of the organization. A committee was appointed to confer with the officials of the company, and if they refuse to recognize the organization the league will assist the traction employees in the event of a strike against the new rules recently promulgated by the company.

COL. GOLDIN'S PLANS ARE ALL COMPLETE

OFFICIAL ANNOUNCEMENT OF SERGEANT-AT-ARMS.

Gen. O. B. Zwietusch Namedas Executive Sergeant at the Republican State Convention and Other Members of the Staff are Appointed—The Ratification Meeting.

Colonel Theodore W. Goldin, of Janesville, the sergeant-at-arms of the republican state convention on Wednesday, yesterday made the announcement of the convention arrangements, and of his appointments. The appointment of Colonel Goldin had never been officially made by Chairman Coe, of the state central committee, though a resolution adopted by the committee had authorized him to do so, and official notice of the fact that Colonel Goldin is to be sergeant-in-chief, was announced yesterday.

Colonel Goldin names General Oscar B. Zwietusch as his executive sergeant, and selected ten chief assistants, a staff of seventeen assistant sergeants, as well as a force of district sergeants, ushers, messengers, etc. Other appointments may be added to the list later, although for most of those who have already been chosen, assignments are made in the announcement.

Candidates Get Tickets

In his order Col. Goldin lays down certain regulations to be followed by his staff, and considerable general information that will be of interest to all attending the convention. One imperative rule that he will insist on is that no members of his staff shall be permitted to work in the interests of any candidates while in the discharge of their duties. The plan for the distribution of tickets is outlined, a courtesy being extended to all candidates for governor by the apportionment among them of a certain number of tickets, as well as among delegates and central committeemen.

In connection with the announcement is a statement of the arrangements for the demonstration in the evening. At this affair William E. Mason of Illinois, will take the place of Senator Burrows of Michigan, who is unable to be at the Cream City.

Chairman Coe's notice of Col. Goldin's appointment, and the latter's convention announcement follow:

Headquarters Republican State Central Committee, Milwaukee, Wis., Aug. 1, 1896—Acting under authority of the Republican State Central Committee, we do hereby appoint Theodore W. Goldin of Janesville, to act as sergeant-at-arms in chief of the Republican State convention, and do authorize him to appoint such assistants as may be necessary.

The charge of the convention hall and all the details pertaining to the convenience and comfort of the convention and the preservation of order thereat, are assigned to him. His headquarters will be room 18, Hotel Pfister.

EDWIN D. COE, Chairman.
JOHN M. EWING, Secretary.

Col. Goldin's Plans.

Headquarters of the Sergeant-at-Arms, Milwaukee, Wis., August 1, 1896—In accordance with the above appointment, I desire to announce to all whom it may concern, that pursuant to the call of the Republican State Central committee, the republican state convention will be called to order at 12 o'clock noon, on Wednesday, August 5, 1896, in the Exposition building, in this city.

The headquarters of the sergeant-at-arms will be room 18, Hotel Pfister, until 10 a. m. Wednesday, August 5, 1896, when they will be removed to the Exposition building, where all badges and tickets then undelivered may be secured on application at the ticket office.

The doors of the convention hall will be open for those holding tickets at 11 o'clock a. m. on the day of the convention. No one except officers of the convention and delegates will be admitted prior to that time.

The east or Fifth street entrance will be open for ticket holders until the hour for calling the convention to order. These doors will then be closed and all admission be had through the north, or State street entrance.

The seating capacity of the building will be arranged by sections and tickets issued to the full capacity of each section, which will entitle the holder to any unoccupied seat in the section. These tickets of admission will be good for any and all sessions of the convention, and must be shown to doorkeepers, ushers, or sergeants, whenever requested.

The south or Cedar street entrance will be reserved for the exclusive use of the delegates, officials, press, telegraph and messenger service, and those holding stage seats. No one else will be admitted at this door.

During the time the main doors are open, those holding state and ladies' gallery tickets will pass in at the gate on the left of the ticket office. Those holding seats on the main floor and west gallery will pass in at the gate to the right of the ticket office.

The stage has been reserved for the use of the state press and invited guests. Persons holding stage tickets may enter the building by the Cedar street entrance, if they desire.

The east gallery will be reserved for ladies, and gentlemen accompanied by ladies.

Securing Tickets and Badges.

Tickets for that portion of the house assigned to the public will be apportioned among the candidates, delegates and the state central committee. Tickets for the delegates, together with delegates' badges, will be placed in envelopes, each envelope containing a badge and two tickets. These will be arranged by counties and congressional districts, and may be secured from the sergeant-at-arms, room 18, Hotel Pfister, by the chairman of each county

or congressional district delegation, at any time after Monday noon.

Delegates' badges will serve as their tickets of admission, and will be recognized by doorkeepers and other officers at any and all meetings held in the convention hall.

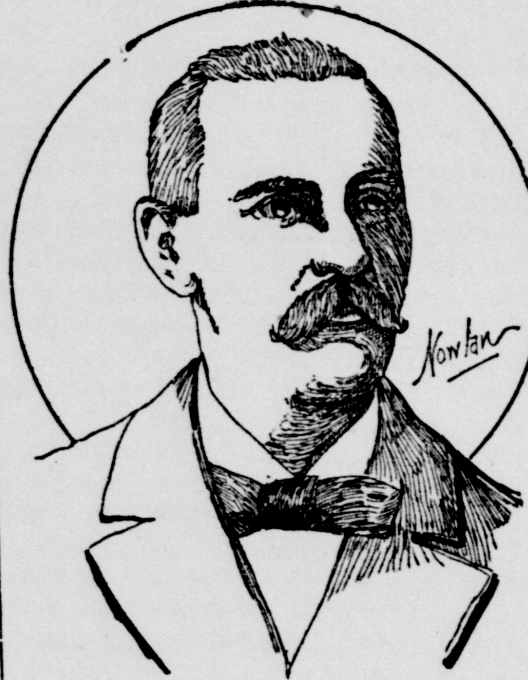

One hundred main floor tickets have been reserved for the use of officers and members of the state republican league clubs. These tickets will be placed in the hands of the president and secretary of the state league for distribution.

The various appointees on the force of the sergeant-at-arms not herein specially assigned, will be assigned by the sergeant-at-arms, and will be required to give their entire attention to the discharge of the duties of their positions, remaining on duty at all times during the session of the convention. They will obey promptly all orders of the sergeant-at-arms or the chief assistant in charge of their section.

Gen. Zwietusch the Executive.

Gen. Oscar B. Zwietusch is hereby designated as executive sergeant-at-arms, and will have general supervision of the floor of the convention hall at all times.

Particular attention is called to the fact that the force of the sergeant-at-arms, is not organized in the interest of any candidate or candidates. Members of the force, while on the floor of

T. W. GOLDIN.

the convention, are prohibited from seeking to influence the action of any delegate. Any violation of this rule will be sufficient cause for the sergeant-at-arms or the executive sergeant to remove the offenders badge and exclude him from the floor of the convention.

During the sessions of the convention none but officers of the convention will be allowed inside the section allotted to delegates. This rule is imperative.

A district sergeant and a district messenger will be assigned to each congressional district delegation, and it shall be their duty to render such delegation any service in their power.

Candidates having ballots for distribution will see that they are delivered to the sergeant-at-arms or the executive sergeant at the convention hall. These tickets will be carefully and impartially distributed at the proper time by members of the sergeant-at-arms force.

Chief assistants in charge of sections or doors will be held personally responsible for the prompt and courteous discharge of duty on the part of each man under him.

Doorkeepers will report not later than 9 o'clock a. m. each day, and will remain until relieved by the sergeant-at-arms or executive sergeant. There will be at least two doorkeepers on duty at all times until the daily sessions of the convention are completed.

Chief Assistant Sergeant R. B. Watrous is hereby assigned to duty in the press section, and will make all necessary arrangements for the accommodation of the working press. Tickets for the press section will be delivered through him.

None but working members of the daily press, their authorized assistants and messengers will be admitted to the press section on the main platform.

The several Congressional district delegations will hold their meetings at the Exposition buildings at 11 o'clock a. m., Wednesday, August 5. Rooms for these meetings will be assigned and announced as soon as possible.

Appointments and Assignments.

The following appointments and assignments of sergeants, assistants, ushers and doorkeepers are hereby announced.

Chief Assistants.

General Oscar B. Zwietusch, executive sergeant; Gilbert E. Vandercreek, delegates section; Col. Harry S. Fuller, stage; R. B. Watrous, press; William A. Jackson, ladies' gallery; William P. Kenney, sections A. to D.; C. W. Fraser, west gallery; Hamilton Vose, sections E. to G.; Chris Paulus, sections H. to J.; John A. Diedrickson, sections K. to L.

Ushers.

Charles J. Chapin, Robt. Coe, James Pettley, E. C. Keesler, Charles A. McGee, R. Lohse, W. J. McGee, L. C. Wilbank, A. W. Slocum, S. L. Sheldon, Henry Johnson, Burt E. DeLo, Henry F. Scholtz, F. J. Meishelmer, F. R. Dougherty, Edward J. Bracken, S. L. Hoyt.

Doorkeepers.

Thomas Hayes, Samuel D. Brozzo.

Other appointments, if any, will be announced later.

The following is a list of the district sergeants and messengers, so far as they have been reported:

First district, E. S. Bullock, sergeant, Milan Northrop, messenger; Second district, Richard Pritchard, sergeant, Charles Mohr, Jr., messenger; Fifth district, William R. Knell sergeant, A. L. Grootemant, messenger; Sixth district, Chester D. Cleveland, sergeant, T. L. Smith, messenger; Eighth district, W. T. Hagen, sergeant, William White, messenger; Ninth district, H. F. Jones, sergeant.

Other appointments will be announced as made.

THEODORE W. GOLDIN, Sergeant-at-Arms.

The details for the demonstration, Wednesday night, are announced by Colonel Goldin as follows:

"The republican press association of the state has arranged for a demonstration at the exposition building on the evening of Wednesday, August 5, to be addressed by John M. Thurston, of Nebraska, William E. Mason, of Chicago, and Congressman Fowler, of New Jersey.

"The officers of the press association have requested the state central committee and the sergeant-at-arms to prepare and publish such details as may be necessary to insure the prompt handling of the people who desire to attend the meeting.

"In conformity with this request, the following information is published for the benefit of all concerned. The meeting will be opened at 8 o'clock and the doors of the hall will be opened in ample time to allow the audience to gain admission before this hour.

"The force of the sergeant-at-arms will be on duty and will render all assistance in their power in accommodating the people in attendance.

"The entire main floor (except the delegates' section) and both galleries, will be open to the general public. No tickets of admission to these portions of the house will be issued. It will be a case of first come, first served.

"The delegates' section will be reserved for them until 8 p. m., and delegates' badges will be sufficient to secure admission to this section. All seats unoccupied at the hour above mentioned will be filled by the ushers.

"The association has reserved the stage for the use of the press, the State Central committee and invited guests. This portion of the house will accommodate 710 people and the association reserves 300 seats for the press, the remaining 410 seats being assigned as follows:

Fifty For Each Candidate.

"Each candidate for governor will be assigned fifty seats to be distributed by him in such manner as he may elect. The remaining 110 seats will be assigned to the State Central committee and invited guests. This covers the full seating capacity of the stage and all applications for tickets will have to be made to the candidates as the State Central committee will have no seats at its disposal for general distribution.

"Members of the press having tables in the press section will find their places reserved for them."

CHICAGO PACKERS LOSE A SUIT

Jury in the Case Begun Here Favors the Plaintiff.

The jury in the famous case of Erick Bratt against the Swift Packing Company, which was begun by the examination of witnesses before Court Commissioner John Nichols, of this city, some time ago, brought in a verdict at West Superior, for \$450 damages in favor of the plaintiff, after being out eight hours. The case lasted ten days in the circuit court, and was one of the most interesting ever tried in this country. It involved not only the plaintiff, the defendant and the local butchers' union, but every meat-packing concern doing business in the northwest. Bratt undertook to run a meat market here without joining the local butchers' union. According to the evidence, he was asked many times to join the union but refused, and threats were made to the effect that he would be closed out of business. Finally the Swift, Cudahy, Armour and other wholesale concerns notified him that they could no longer supply him with meat, and he found it extremely difficult thereafter to buy enough meat to supply his trade. He sued for damages against the Swift company, making it a test case, and secured a verdict. A combination will be formed to appeal the case and it will be fought bitterly to the end. Seventeen attorneys appeared in the case.

BRYAN IN THE PAY OF SILVER KINGS

HON. M. T. FANNING, THE PROHIBITION SPEAKER, TALKS.

In His Address, He Said the Omaha Man Sumped Michigan, Without a Cent of Expense to the Prohibitionists, In Favor of a Fusion Candidate.

A few side lights were thrown on the political situation, by Hon. M. T. Fanning, of Michigan, who spoke for prohibition from the "prohibition wagon" at the Court House Park, Saturday night and last night.

He spoke for prohibition, but incidentally made a few remarks that people should not forget. In telling why people should not vote for the old parties he said:

"But the silver miners will spend more money in this campaign, than the republicans will. They can afford to spend millions of dollars to carry their point and they will do it. There will be more money spent to advance the free silver cause, than there will be used in advancing the cause of protection and the preservation of the existing gold standard. There is no doubt about that.

Bryan Was Under Pay.

"Mr. Bryan, the free silver candidate for president, was, if he is not now, under salary, from the silver interests as the paid advocate of free coinage at the ratio of 16 to 1.

"How do I know?" you ask, that is a fair question; I will tell you. A short time ago, I was the chairman of the Prohibition State Central Committee, of the state of Michigan, where I live. The free silver people endorsed one of our candidates, and sent us a speaker to talk for him. He was William J. Bryan, now the democratic candidate on the free silver platform. He came to our state and made speeches for silver and our man. His tour did not cost us one cent. Our candidate paid his own expense—for our party had no money. Who paid Bryan's expenses? The silver men, for he was not representing democracy nor republicanism, but free silver."

Charge Made Before.

In the light of the fact that this charge has been made against Mr. Bryan before, and has not been answered, Mr. Fanning remarks are of interest. The Chicago Chronicle, the great Garden City democratic organ, made the charge immediately after Bryan was nominated, in a double headed editorial. In Bryan's home city—Omaha—the Omaha Bee, has also made the charge. Thus the same story has been told by a republican paper and a democratic paper. Now comes a representative of still another party, who says, that he has actual personal knowledge of the fact. His statement is corroborative proof that any court would accept.

People who believe in Bryan's political honesty will do well to ponder on the matter.

Why does he want free silver? To "help the workingman" as he says in his stolen speeches?

Or because the silver kings are paying him to advocate the cause that would net them 50 per cent. profit on all the silver their mines could produce by working night and day?

DEMOCRATIC VOTE CHANGES.

Honest Farmer Will Cast His Ballot For McKinley.

EDITOR GAZETTE—A retired farmer living in this city who had a previous record as a "good old democrat," has been studying the new platform made at Chicago and was very much on the fence. A few nights ago he beheld a stranger driving up to his farm, and introducing himself as a farmer from Nebraska. The stranger wished to purchase the farm, and an agreement was soon made whereby the farmer was to receive \$100 per acre for his farm of five hundred acres. The stranger seemed in great haste, and the papers were all made out, when the stranger turned and signaled to his two men who came in, heavily loaded with two large boxes. Upon opening these boxes the astonished farmer beheld a sight which caused the cold sweat to start from every pore. There were shining silver square "pop" dollars, and he at once grasped the idea that he was "legally sold." His first thought was, "will the bank take this money?" and with a sudden jump—he awoke only to find it a dream.

He said that the purchaser explained that the new dollar was made square to tell it from the silver dollars previously coined. Moral: There will be one more democratic vote cast for McKinley in the Third ward. G. O. P.

Nerves

Are the Telegraph System of the body, extending from the brain to every part of the system.

Nerves are fed by the blood, and are, therefore, like it—weak and tired if the blood is thin, pale, impure—

Nerves are strong and steady, there is no neuralgia, brain is unclouded—if the blood is rich, red and pure.

Nerves find a true friend in Hood's Sarsaparilla, because it makes rich, red blood, gives good appetite and digestion.

MINISTRY OF PAUL
WAS HIS SUBJECTEXCELLENT SERMON BY REV.
R. K. MANATON.

Pastor of the First M. E. Church
Talks to His Congregation—Lect-
ure on the Holy Land to be heard
at the Baptist Church—Congrega-
tionalists Plan a Picnic.

In the morning, the congregation at
the First M. E. church, listened to an
excellent sermon by the pastor, Rev.
R. K. Manaton. He took as his text,
I Cor. 1, 23:24. He spoke of Paul's
ministry of the gospel. He was famil-
iar with the philosophy and science of
the time, and of the lives of all promi-
nent men. He preached Christ cruci-
fied to all. To the Jews the gospel
was a stumbling block. To them
Christ appeared weak. They could not
see the strength in him that they
hoped for. To the Greeks it was fool-
ishness. They could see no beauty or
attractiveness in it. These hindrances
make him attractive to the hearts of
men. He is the real Christ in real
everyday experiences. His humilia-
tion is a lever to lift men nearer to
God. We see exhibitions of his power
in the miracles which he performed,
yet these are not the greatest exhibi-
tions of his power. His submission to
humiliation, trials, and to be led away
without a word of resistance is a
greater exhibition of power. To have
resisted would have been weakness.
All things are created through Christ.
Who can give us anything so beautiful
as the flower? Man has a mind.
What is it? These are the gifts of
God. Attainment is a great ministry.
We accept it as the wisdom
of God and present it to you.
He explained the measurement of dis-
tance at sea, and likened Christ to the
sun as it dips below the horizon only
for a second, to rise again. He stands
before us in the glory of the resurrec-
tion. May this thought lift us up as
never before.

Cover One Hundred Miles in the
Required Time—The Trips Taken
by the Local Cyclists—Gossip For
Wheelmen.

ORION SUTHERLAND and E. V. Whiton,
Jr., made a "century" yesterday,
from Janesville to Oconomowoc and
back. They left the city at 4:10 a. m.,
and rode the twenty miles to White-
water, in one hour and twenty min-
utes. After a three hours rest at
Oconomowoc, they returned to White-
water, where they got dinner at the
Hotel Walworth. After dinner they
left for home, arriving at 5 o'clock.

THE Hotel Walworth, at White-
water, is a favorite resort with cyclers.
O. C. Williams, who is well known in
this city, is the chief clerk, and a
Janesville rider gets "best in the
house." The hotel is the L. A. W.
house, and is one of the finest in this
part of the state.

WHILE coasting down the steep hill
at Clear Lake yesterday morning, the
chain on Charles Snyder's wheel gave
way, and Snyder was landed in a deep
ravine. The wheel was taken to
Milton for repairs.

THREE members of the Fire depart-
ment cycling club—Assistant Engi-
neer Osgood, Dr. Joe Whiting and
Driver William A. Scott, rode to
Whitewater yesterday.

THERE is but one turn in the road
from Milton to Whitewater and a
thoughtful farmer has erected there, a
home-made sign board especially for
the cyclist.

FEW cyclers visited Beloit yesterday
and strange to say but few took the
Lake Geneva or Delavan course.
Points north were more in favor.

CLEAR LAKE was a popular resort
yesterday and it is said that forty from
this city spent the day at that place.

SEVERAL signs, at Milton Junction,
notify riders that it will cost five
dollars to ride upon the sidewalk.

Two Chicago riders arrived in the
city yesterday. They were Paul
Blackwelder and H. Bent.

FRANK SUTHERLAND, H. E. Mc
Kinney, Harry Atwood and E. H.
Grove rode to Clear Lake.

L. G. GAGE, a Wilmette, Ill., wheel-
man, arrived in the city yesterday for
a short visit.

H. V. ALLEN spent Sunday at
Lauderdale Lake, making the trip on
his wheel.

J. G. REXFORD now rides a wheel.

AGED MAN RUN DOWN BY A TRAIN

W. M. Brookhouse Painfully Hurt Late
Saturday Afternoon, But Will Recover

W. M. Brookhouse was struck by a
C. & N. W. train while walking on the
track near Sutter Brothers' ware-
house, at 4:45 o'clock Saturday after-
noon, and his arm broken and other
injuries inflicted. He was taken to
his home on North Academy street,
and Dr. W. H. Palmer, the company's
surgeon, attended him. Mr. Brook-
house is seventy-seven years of age,
but has a strong constitution, and Dr.
Palmer thinks he will recover in a
short time.

THIS DAY IN HISTORY.

1460—James II of Scotland was killed before Roxburg.
1492—Columbus sailed on his first voyage of discovery.
1755—Oliver Hazard Perry, naval hero, born in South Kingston, R. I.; died 1819.
1823—Thomas Francis Meagher, general, born in Waterford, Ireland; drowned near Fort Benton, while governor of Montana, July 1, 1867. The body was never recovered. General Meagher organized and led the famous Irish Brigade, Army of the Potomac. Before the war he was a noted Fenian and was imprisoned by the British government on account of his principles.
1850—Commodore Jacob Jones, commander of the Wasp when she captured the Frolic, died at Philadelphia; born 1768.
1861—Father Joachim Ventura, an eloquent Jesuit known as the "Italian Bossuet," died; born 1802.
1864—George Inness, noted American landscape painter, died in Scotland; born 1825.

Ex-Congressman Burlingame of N. Y., is willing to back his judgment with his money that McKinley and Hobart carry New York by 100,000 majority, and that they carry Iowa, Illinois, Indiana, Missouri, Nebraska, Ohio, New Jersey and Connecticut.

In Washington they call Bryan the comet with two tails, since the pope put Tom Watson and him on their ticket.

What's the matter with Senator Tillman? There was a fight in South Carolina and he wasn't in it.

Well, when Mr. Bryan gets older, he may have some ideas to go along with his oratorical ability.

Tom Watson is enough of a freak to have been given the head of a freak ticket.

New York, Aug. 3.—Cornelius Vanderbilt, Jr., and Miss Grace Wilson were married this noon, at the residence of Dr. Potts, of St. Thomas' church.

MAGAZINES AND THE CAMPAIGN

Bryan's Name Stricken Out.

Apocryph of the fact that the only prominent New York newspaper which supports the nomination of Bryan is the Journal, Moses P. Handy is reminded of a story about Willis J. Abbot, the Journal's chief editorial writer. For some weeks before the Chicago convention, the Journal, at Mr. Abbot's suggestion, was publishing signed articles by prominent men on each side of the silver question. It seems that among the names of men from which such articles were desired, Mr. Abbot submitted to Mr. Hearst, the Journal's proprietor, that of William J. Bryan, of Nebraska, whom he had known and admired for years. Mr. Bryan's fame, however, had not then reached Mr. Hearst, and strange to say, the name of the man who was a month later the democratic nominee for president was the only one crossed off the list. "But he may be nominated for president," said Mr. Abbot. "Yes, very likely," said Mr. Hearst, ironically, "but not this year."—Review of Reviews.

Costly Wild-Cat Money.

It would have been very difficult for the makers of the Chicago platform form completely to have combined the worst elements of monetary disturbance and wild cat currency than are contained in the free coinage of silver and Jacksonian paper money declarations. The principle of non-legal tender bank note currency, held subject to daily coin redemption, which Jackson overthrew, in his destruction of the Bank of the United States, and which the Chicago platform denounces, is the vital principle in sound banking the world over. It is this principle which makes the Bank of England, the Bank of Scotland and the Bank of Canada so pre-eminently superior to the national banks of this country. It is this principle that enables the farmers in Manitoba to get the same money accommodations and at substantially the same rate of interest as the manufacturers and merchants in the commercial centers. It is, in short, the only principle which gives elasticity with safety in paper currency anywhere.—From Gunton's Magazine (N. D.), for August.

Where to Fight the Boy Orator

It is the present opinion of the bimetallicists of Europe that free silver coinage now by the United States alone would be an obstacle rather than a help to bimetalism. The cause of bimetalism is not hopeless, but now stands still to await the result of the attempt of the Bryan and Altgeld democracy to make the United States permanently a silver monometallic nation. Difficult as it will be to secure a hearing for these views during the coming canvass, it is from the standpoint of bimetalism that the fight against the Bryan candidacy should be made.—Hon. W. E. Chandler in North American Review.

Great Damage by Hail.

Sioux City, Iowa, Aug. 3.—The sum of \$200,000 will not cover the loss on crops in the hail-stricken district of this county. The estimate is a careful one, made by the county authorities from complete reports received from farmers in Union, Rutland, Concord, Banner and Arlington townships, where the damage was greatest. Many tenants lost every cent they possessed and will be compelled, in all probability, to apply to the county for aid during the coming winter. Barns and outbuildings were blown to pieces and the owners will be at a heavy expense to replace them. Storm insurance in the county amounted to about \$20,000.

Indiana Baptist Assembly.

LaPorte, Ind., Aug. 3.—Sunday's deliberations of the baptist general assembly closed the session of 1896. The attendance was unusually large. The morning sermon was preached by Dr. F. L. Wilkins of Chicago. A missionary conference, at which plans were outlined for the coming year's work, was held in the afternoon. At night Dr. Wallace of Canada gave the closing sermon, and the congress formally adjourned with impressive consecration services.

Seek Shelter and Are Killed.

Columbus City, Ala., Aug. 3.—Maynard Covans was escorting Misses Dovie Proctor and Della Bishop, daughters of prominent families, out for a walk, when a cloud gathered. A heavy rain and wind storm came up, when the trio stepped into an old building to keep from getting wet. The storm increased in fury until the building collapsed, and all three were caught in the debris. Covans and Miss Proctor were instantly killed and Miss Bishop so badly injured that death will result.

Michigan Mines Shutting Down.

Ishpeming, Mich., Aug. 3.—The Cleveland Cliff company, the only city mine which did not reduce its forces in July, laid off fifty men Saturday and further reductions are feared, as the receiving ports have their docks filled with ore. The Champion mine will probably close down completely this month, throwing out about 300 men.

Is Opposed to Bryan.

New York, Aug. 3.—W. Bourke Cockran, recently returned from Europe, did not forget American politics during his trip, and he has evolved a plan by which he thinks the defeat of the Chicago candidates may be encompassed. He will actively support the republican national ticket.

At a bargain, three 8 foot, nickel plated show cases in fine condition. Make us an offer. Lowell Hardware Co.

THE VORACIOUS CARP.

Clever Ruses by Which It Is Extenuating Black Bass.

The German carp is a vicious fish after a fashion, and the kind of brains it has is described by W. F. Meehan in the Fishing Gazette. Says Mr. Meehan: "One day in early June in 1893 or 1894, in Montgomery county, Pa., I was watching the spawning bed of black bass in Perkiomen Creek from a bridge overhead, when along came a number of large German carp. One made a feint toward the nest, and when attacked by the black bass fled. While the bass was in pursuit the remainder of the carp darted in, and in a twinkling devoured the spawn in the nest. I waded out to the bass nest later and found scarcely an egg in it. I was told afterward of a similar case in the same stream." The Pennsylvania report of the State Commissioners of Fisheries says that "there are few fishes more heartily anathematized by American anglers than the carp. They fail to see a redeeming feature in the creature, and charge it with many bad ones, the most serious of which is that it is a more inveterate spawn eater than the eel," and the anglers fear that it will in a few years practically exterminate all the valuable food and game fishes despite the efforts of the various fish commissioners. The carp furnishes the angler little or no sport, because it refuses to take the ordinary lures offered. Its flesh is not popular with American fish eaters, as it is in European countries, where as early as 1227 it was cultivated in Austria. It is not known exactly who first introduced carp into American waters, nor exactly when it was done, but Mr. Poffe, a Californian, some time before 1870, is believed to have been the man. He is regarded in much the same light as the introducer of the English sparrow into the United States, and the misguided men who turned English rabbits into Australia.

The Gun's Carriage.

The gun carriage that survives the tests given it before its acceptance by the ordnance inspectors of the German army need not fear the emergencies of an actual campaign. Near the arsenal at Mandau a track has been built, covered with all sorts of obstacles. It is in imitation of bad roads at one part, is crossed by a ditch at another and there are realistic imitations of mountain passes and ravines.

Shirt Waists.

We are making such reduction in the price on shirt waists, that watchful ladies cannot help buying. We offer ten dozen 50 cent shirt waists at 39 cents, and ten dozen 75 cent and \$1 waists, at 59 cents. They were cheap at the old prices, and are certainly bargains now. Bort, Bailey & Co.

PREMIUM LIST OUT FOR THE BIG FAIR

LIBERAL PRIZES ARE OFFERED
FOR EXHIBITS.

No Entrance Fee Will Be Charged,
But Stalls Will Cost \$1 Each—The
Premiums in the Various Depart-
ments—Race Program Has Been
Made Up.

The premium list for the Rock
County fair has just been issued from
The Gazette presses, and shows several
marked changes in the plans for the
annual show, the dates for which are
September 15, 16, 17 and 18.

In the horse department, of which
Hiram Proctor is superintendent, the
first prizes are \$8, \$6, \$4 and \$2 in
each instance, with second prizes of
\$5, \$4, \$3 and \$1 in all classes, which
make it worth the horse raisers time
to make entries, and show his animals.
For the breeders sweepstakes the
first prize is \$20, the second \$10
and the third \$5. For mules and
jacks the prizes are \$4 and \$2. Shet-
land pony prizes are \$5 and \$6 for
firsts, and \$3 and \$4 for seconds with a
sweepstake of \$15 and \$10.

In the cattle department, Gregg D.
Hall superintendent, the prizes are \$6,
\$5, \$4, \$3 and \$2 for firsts and \$4, \$3,
\$2 and \$1 for seconds with sweep-
stakes for a bull and four of his get
of each breed, of \$5 each. The cow
giving the largest quantity of milk
during the three days of the fair will
get \$5 and the second \$3. The same
prizes will also be awarded for the
cow giving the richest milk.

Prizes for Sheep and Hogs.
Henry Brace will have charge of the
department for sheep, and the first
prizes will be \$4, \$3, \$2, and \$1,
\$2 and \$1 for second prize. For the
largest and best exhibit a \$3 prize will
also be given.

Mr. Brace will also have charge of
the department for swine, in which
the first prizes will be \$6, \$5, \$4 and
\$3, and the second prizes, \$4, \$3, and
\$2.

A. O. Vincent will have charge of
the poultry exhibits, and the prizes
will be \$1 and 50 cents for all classes,
including pet stock. The prizes for
the largest and best collection of pige-
ons will be \$2 and \$1.

In the farm and dairy department,
liberal purses are provided. W. H.
Noyes will be the superintendent and
the prizes will be \$2 and \$1, and \$1
and 50 cents, according to the charac-
ter of the exhibit. The exhibitors of
the largest number of varieties of pota-
toes will get \$5 and the second prize
will be \$2.

Grain and dairy products will be in
charge of A. C. Powers, and the prizes
will be uniformly \$2 and \$1, and \$1
and 50 cents, except that butter prizes
will be \$3 and \$2 and \$1 according
to grade.

The Horticultural Department.

In the department for horticulture
several changes have been made. Mrs.
Wallace Pember will be the superin-
tendent, and the amateur prizes for
fruit will be \$3 and \$2, and \$2 and \$1,
and \$1, and 50 cents, according to the
article exhibited. For professional
fruit raisers a \$10 and \$5 sweepstake
will be provided, beside prizes of \$3
and \$2. Prizes for flowers raised by
amateurs will be \$3 and \$2, \$2 and \$1,
and \$1 and 50 cents, according to
stated classifications. Professionals
will get \$5 and \$3 and \$2 and \$1.

Mrs. O. D. Brace will have charge of
the culinary department, and the
prizes will be \$2 and \$1 and \$1 and 50
cents, with sweepstakes of \$3 and \$2.

In the children's department, of
which Miss Alice Helmstreet is super-
intendent, the prize will be \$1 and 50
cents, and 50 and 25 cents, with \$2
and \$1 prizes for the largest display
by both boys and girls.

Mrs. H. W. Frick and Mrs. Robert
Borlase will be in charge of the art
department. The exhibitor of the
best collection of oil painting and
china painting will be awarded \$7
prizes, while the second best will win
\$5. For the best collection of water
color painting prizes of \$5 and \$3 will
be provided and for crayon work,
prizes of \$3 and \$2 will be given. The
professional exhibitor making the
most attractive exhibit will get \$10
with a second prize of \$5. Other
prizes will be \$3 and \$2, \$2 and \$1
and \$1 and 50 cents, according to the
classification of the department.

Other Prizes Offered

Collection of photographs—Profes-
sional—\$5 and \$3. Amateur—\$3 and
\$2. Fancy painting—\$3 and \$2.
Grain—\$2 and \$1. For birds and
fish—\$3 and \$2, \$2 and \$1, \$1 and 50
cents.

Mrs. C. E. Cummings will manage
the domestic department, and the
prizes will be \$1 and 50 cents with
professional and amateur prizes for
largest display of \$10 and \$5, and \$5
and \$3 respectively.

W. B. Paul will be in charge of the
merchants' department, and the prizes
will be \$10, \$5 and \$2 according to
classification and character of the ex-
hibits.

For the best display of farm im-
plements \$12 will be given with \$3 as
a second prize. George R. Barker
has charge of this department.

F. J. Bemis will be in charge of
the vehicle department and the prem-
ium will be \$2 and \$1 with \$5 and \$3
for the best display. For the best

HARVEST OF DEATH IN THE BOWER CITY

MRS. LUCY TIPNEY CALLED TO
FINAL REST.

Her Demise Occurred at the Home
Yesterday Morning and the Funeral
Will be Held Tomorrow—Mrs.
Theresa Wollitz Finally Succumbs
to Consumption.

In the sleep that knows no waking,
and the rest that knows no pain,
Mrs. Lucy Tipney closed her eyes
Sunday morning and her spirit took
its flight to the home above.

Mrs. Tipney was born in Welney,
Cambridgeshire, England, on May 29,
1817 and was married to John Tipney,
at that place, in 1843. In February,
1851, Mr. and Mrs. Tipney sailed for
America and for three months resided
in New York State. They then left
for the west, traveling by way of the
Great Lakes. In August, 1851, they
left Milwaukee, overland, for Janes-
ville. Mr. Tipney died on Feb. 24,
1862.

Eight children were born to Mr.
and Mrs. Tipney, two of whom
have made their home with her on
Cornelia street, in the Second Ward.
They are John W. and Mary A. Tipney,
and through all the weary days in
which their mother suffered with
neurialgia, which disease
caused her death they
were constantly at her bedside, antic-
ipating her slightest wish, and minis-
tering to her such comforts as science
could suggest, and love and care pro-
vide. No sufferer ever had more faith-
ful nursing, and the bereaved children
have the comfort of knowing that the
closing hours of the well spent life
that finally went out, were made as
cheerful, and a free from pain as hu-
man agency could make them.

Mrs. Tipney's brother died a month
ago yesterday, at about the same hour
of the day that the end came to her,
his demise occurring at his home in
Johnstown. The funeral will be held
from the residence, 105 Cornelia street,
at 1:30 o'clock tomorrow afternoon,
and from Trinity Episcopal church at
2 o'clock.

Mrs. Theresa Wollitz.

After a lingering illness of five
months, with consumption, Therese
Hattie Wollitz died yesterday after-
noon at 1:30 o'clock, at the home of
her father, Frank Kolowat, 257 Locust
street, aged twenty-four years. Mrs.
Wollitz has been ill at Adams, Mass.,
and arrived in the city last Friday.
Funeral services will be held from the
house tomorrow morning at 9:15
o'clock, and from St. Mary's church at
10 o'clock. The interment will be in
Mt. Olivet cemetery.

Mary Augusta Hague.

Funeral services over the remains of
little Mary Augusta Hague were held
from the Jefferson street home of her
parents yesterday afternoon at 2
o'clock. The Rev. J. C. Koerner
officiated and the interment was in
Oak Hill cemetery.

IRISH TEAM WON THE GAME.

Defeated the Germans in the Final Contest
Yesterday.

A close and exciting game of base
ball was played on Snipe Hill Sunday,
when the Irish and German nines put
in the final contest of the series. The
Germans were defeated by a score of 8
to 4. Cummings and Atkins were the
battery for the Irish and they did
excellent work. Cummings holding the
Germans at his mercy. Steed, Dixon
and Sullivan made some brilliant
catches that brought forth the cheers
of the audience. Schicker pitched for
the Germans and Hagan caught. The
Irish boys have been presented with
the Golden Eagle suits by Charles Levy,
and henceforth will be known by that
name. They will endeavor to have a
good game for next Sunday and they
would like to hear from any team in
the city.

WHEELER MADE A GOOD SHOWING.

Janesville Athlete Won Prizes at Elgin Sat-
urday Afternoon.

A. K. Wheeler came home from
Elgin, where he took part in the ath-
letic game at Trout Park, Saturday,
covered with glory. Wheeler won first
prize for the standing high jump with
a score of four feet eight and one-half
inches, and in the hop, step and jump
covering a distance of 41 feet 11
inches. The event was Scotland's day,
and some of the best athletes in Chicago
were in attendance. Twenty thousand
people witnessed the games.

JOINED IN CUPID'S LINKS

McPherson Grove.

Clarence A. A. McPherson and Mrs.
Carrie Jones Grove, of Fort Atkinson,
were married by Rev. Dr. Hodge at
the Baptist parsonage at 3:30 o'clock,
this afternoon.

Good Rehearsals.

Company A. and the Imperial band,
will, with a rehearsal tonight, finish
their work for the presentation of

MAN SENT TO JAIL FOR TOTTING A GUN

FRED HILDEBRAND GETS FIVE
DAY'S SENTENCE.

Charge Was Carrying Concealed
Weapons But The Police Would
Like to Know Where He Got the
Solid Gold Watch That He Pawned
For One Dollar.

Where did Fred Hildenbrand of
Green Bay, get the lady's watch that
he pawned at Wagner's second hand
store?

The police would like to know.

Hildenbrand was arrested Saturday
afternoon, by officer Hogan, while he
was crossing the Milwaukee street
bridge. The arrest was made on sus-
picion. Officer Hogan having learned
that Hildenbrand had "put up" the
timepiece for a dollar at the second
hand store. The watch was a valu-
able one, the case being of solid gold.
Thinking that the transaction might
not be strictly legitimate, Officer Ho-
gan took Hildenbrand into custody.

When the prisoner was searched at
the jail, a revolver was found in his
pocket, so he was taken into
court this morning, on the charge of
carrying concealed weapons. Judge
Phelps gave him a five days sentence,
and in the meantime the police
hope to learn something about him.

Hildenbrand says a lady friend in
Waukesha gave him the watch to
pawn, but the police discredit the
story, because only one dollar was
realized by the transaction, while the
watch was a valuable one.

Judge Phelps today ordered judg-
ment in favor of the First National
Bank, and against Charles Rossiter of
Orfordville, in the sum of \$300.53.

The action grew out of the non pay-
ment of a promissory note. J. W.
Bates appeared for the bank. The
defendant was not present in court,
and made no defense.

Dan Williams and George Miller
were sentenced to one day in jail each,
by Judge Phelps this morning, the
charge against them being intoxica-
tion.

Mary Sorenson, of Spring Valley,
arrived in the city this morning, in
charge of Policeman Osgard she being
on her way to the insane asylum at
Mendota. Miss Sorenson was taken
from the hospital but a short time ago
by her mother, it being thought at
the time that she was recovering. It
was decided best, however, to return
her to that institution.

CURIOUS BETS.

"Red" Wager at Monte Carlo Followed by a Dinner.

The last six months have seen some curious bets made, won and lost, says Answers. To start with, we have that of two Englishmen at Monte Carlo, who ran a race for a prize of 1,000 francs, the winner of which, so the conditions ran, had to immediately stake the loser's money on the red at the tables. Of the luck which attended the venture and the "red" dinner which the favorites of fortune afterward gave at the Savoy hotel, when the lights, decorations and even the waiters' shirts, were of vermillion hue, much has been written already. A few weeks ago a butcher of Berwick wagered that he would empty a quart bottle of whisky in four gulps; the man, who was about 50 years of age, accomplished his task but was immediately taken queer and, after a short illness, died. A foolhardy cycling feat, undertaken by a young Englishman named French, was recently accomplished at Monaco for a bet of £100. The object to be accomplished was the descent from Monaco proper to the Condamine quarter on a unicycle. When the reader is informed that not only is the path very steep and has three turnings, but is broken in several places by steps, the difficulty of taking a unicycle over such a course without the rider falling will be appreciated. Another peculiar wager came off at Gourdon, a town famous for nuts and truffles, in the southwestern department of the lot, when sixty-five women had a nut-cracking race. There were twenty-three prizes, of which 12 francs and a sack of nuts was the best. The consolation prize was not what you might call valuable and consisted of the debris of the shells only. Ten kilogrammes of nuts had to be cracked and prepared ready to be put in cakes, and in twelve and one-half minutes the race ended in a dead heat. One of the most startling wagers of the half year—startling because it was made in the house of commons itself in open debate—was that of Mr. Gibson Bowles, who offered to bet Sir W. K. Shuttleworth that his (Mr. Bowles') memory was better than that of the worthy baronet. Had the bet been taken, which it was not, Mr. Gibson Bowles would have had to deplore the loss of 1 guinea, the sum he wished to wager on himself, as he had to acknowledge the following day.

KNOWLEDGE IS NOT WISDOM.

Men of Great Learning Sometimes Lose Sight of the Fact.

In the recent memoirs of Dean Buckland an amusing picture is given of the antipathy felt fifty years ago by the old classical scholars at Oxford to the new scientific learning, says Youth's Companion. They described it as "mischievous and absurd." When Buckland once went to Rome for a long vacation one of the elder dons is said to have exclaimed:

"Well, Buckland has gone to Italy. Thank heaven, we shall hear no more of his silly geology."

Learned men do not always appreciate the achievements of their fellows. It is said that a friend brought Milton's "Paradise Lost" to a great Scotch mathematician, who remarked when he had finished it:

"It's verra pretty; but, mon, what does it prove?"

An American, who stated recently in a London club that he was going to Enfield in search of the grave of Charles Lamb, was astonished to hear him contemptuously described by an English writer as "a flighty writer of silly papers, in which there was no mention of political questions of his day."

Paganini, while in England, was mentioned by a great jurist in a letter as "a poor fiddler who had driven the town mad with his squeaks and scrapes," and he, no doubt, would have described his critic as soulless and deaf to the highest expression of emotion.

An anecdote is told of Henry Clay in the zenith of his popularity and fame. Meeting an old schoolmate at a reception he expressed regret that another friend, a mutual acquaintance, whose career promised to be brilliant, had given up his life to the raising of pigs and making a fortune. The friend presently met the gentleman referred to, who exclaimed, with a shake of the head:

"Poor Henry Clay! He might have made a good stock-grower and be a comfortable planter now if he had not wasted his time in politics."

For Mothers to Know.

That rapid eating is slow suicide. That a lump of sugar saturated in vinegar is efficacious in most cases of hicough.

That in sleeping in a cold room establish the habit of breathing through the nose, never with the mouth open.

That a severe paroxysm of coughing may often be arrested by a tablespoonful of glycerine in a wine glass of hot milk.

That to compel a child to eat anything against which its palate naturally rebels is a cruelty at the time and may produce evil effects later on.

That a few drops of tincture of benzoin put into the water in which the face is bathed will prevent the shiny appearance of the skin with which so many people are affected, especially in warm weather.

Pulpit and Pew.

The church that is built on a man or around a man is not necessarily a Christian church. God honors skill, genius, ability in his servants, but when people join a minister instead of the church of Christ it is time for a revival of religion.—Rev. Dr. Campbell.

Crushing a rose makes it bigger than it was before.

Harvest Excursions.

In order to give everyone an opportunity to see the grand crops in the western states and enable the intending settler to secure a home, the Chicago, Milwaukee & St. Paul R'y has arranged to run a series of harvest excursions to South and North Dakota and to other states in the west, northwest and southwest on the following dates: July 21, August 4 and 18, September 1, 15, 29 and October 6 and 20 at the low rate of two dollars more than one fare for the round trip. Tickets will be good for return on any Tuesday or Friday within twentyone days from date of sale. For rates, time of trains and further details apply to any ticket agent of the Chicago, Milwaukee & St. Paul R'y.

The whole system is drained and undermined by indolent ulcers and open sores. DeWitt's Witch Hazel Salve speedily heals them. It is the best pile cure known. C. D. Stevens.

Half Rates to Milwaukee.

On account of the National Convention Republican League, August 26 and 27, the Northwestern line will sell excursion tickets to Milwaukee and return at one fare for the round trip. For dates of sale and full information apply to agents Chicago & Northwestern Railway.

It doesn't matter much whether sick headache, biliousness, indigestion and constipation are caused by neglect or unfavorable circumstances; DeWitt's Little Early Risers will speedily cure them all. C. D. Stevens.

Devil's Lake.

Excursion to this wonderful and mysterious lake, Thursday, August 6, round trip only \$1.50. Leave Janesville at 8:30 a. m., reach Devil's Lake at 11:30 a. m. Returning, leave Devil's Lake at 7 p. m. Remember, no delays, no change of cars, no crowded cars. For tickets and information apply to agents C. & N. W. R'y Company.

Poison Ivy, insect bites, bruises, scalds, burns, are quickly cured by DeWitt's Witch Hazel Salve, the great pile cure. C. D. Stevens.

Half Rates to Omaha.

Via the Northwestern line (Chicago & Northwestern railway) August 15, 17 and 18, 1896—one fare for the round trip. On August 24 excursion tickets at very low rates will be sold from Omaha to Denver and the famous Hot Springs of South Dakota.

For tickets and full information apply to agents Chicago & Northwestern Railway.

Half Rates to Salt Lake, Utah.

On account of the Annual Convention International Association of Fire Engineers, the Northwestern line, will on August 6 and 7, sell excursion tickets to Salt Lake City and return at one fare, plus \$2, for the round trip. For tickets and full information apply to agents Chicago & Northwestern R'y.

Don't trifle away time when you have cholera morbus or diarrhoea. Fight them in the beginning with DeWitt's Colic and Cholera cure. You don't have to wait for results. They are instantaneous and it leaves the bowels in healthy condition. C. D. Stevens.

For Ocean Steamship Tickets

Via the Beaver Line from Montreal-uebec to Liverpool, or via any steamship line crossing the Atlantic, at low rates for first cabin, second cabin and steerage, both outward and prepaid, apply to P. L. Hinrichs, agent, Chicago, Milwaukee & St. Paul R'y, at Janesville, Wis., or address C. F. Venham, Gen'l Steamship Agent, 48 Adams St., Chicago, Ill.

The Wadsworth Elm.

The Wadsworth elm, under which General Washington stood during his visit to Jeremiah Wadsworth, in Hartford, Conn., during the revolutionary war, stands in front of the Athenaeum, on Main street. The tree has been designated by the Connecticut Society of the Sons of the American Revolution. At a meeting of the directors of the Athenaeum Saturday it was voted to do everything possible to save this historic landmark. It is the verdict of those who understand such matters that if the present plan for sheet asphaltizing Main street is carried out the Wadsworth elm will soon die in consequence.

Many a day's work is lost by sick headache, caused by indigestion and stomach troubles. DeWitt's Little Early Risers are the most effective pills for overcoming such difficulties. C. D. Stevens.

About the Dells of the Wisconsin.

Parties of ten or more going to and returning from the Dells of Wisconsin in a body, may make the trip at half fare, with fifty cents added for each person for steamer coupon, any day from June 5 to September 30. Tickets good for three days. Every Friday and Saturday tickets will be sold at a fare and a third with fifty cents added for steamer for round trip, to any number good for return until Monday, Chicago, Milwaukee & St. Paul Railway.

"Boys will be boys," but you can't afford to lose any of them. Be ready for the green apple season by having DeWitt's Colic and Cholera Cure in the house. C. D. Stevens.

For Over Fifty Years

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

WATERVILLE hand forged cutlery is warranted. The razors are particularly fine. Lowell Hardware Co.

Republican State Convention at Milwaukee.

The Chicago, Milwaukee & St. Paul Railway will sell excursion tickets at half fare to Milwaukee and return on August 4 and 5, good for return and including August 7, on account of the Republican State Convention.

If you have ever seen a little child in the agony of summer complaint, you can realize the danger of the trouble and appreciate the value of instantaneous relief always afforded by DeWitt's Colic and Cholera Cure. D. D. Stevens.

Cheap Excursion to the West and Northwest.

On August 4, 18, September 1, 15, 29, October 6 and 20, 1896, the Northwestern line (Chicago & Northwestern R'y.) will sell Home Seekers' excursion tickets at very low rates to a large number of points in the west and northwest.

For tickets and full information apply to agents Chicago & Northwestern Railway.

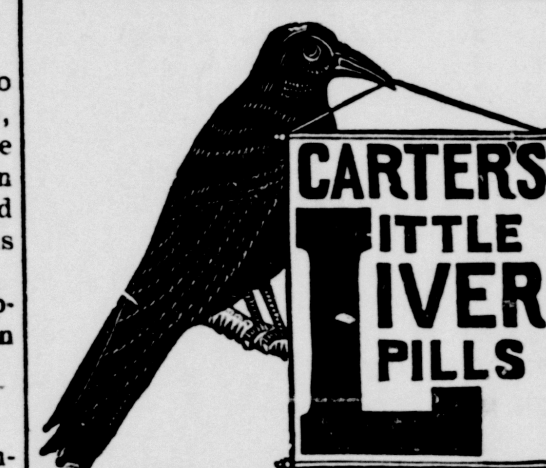

Home Seekers' Excursions.

The Chicago, Milwaukee & St. Paul Railway will sell home seekers' round trip excursion tickets to points on its own lines in Iowa, the Dakotas, northern Minnesota and northern Wisconsin. Also, to points on the other railways south, southwest, west and north, crossing several states and territories, at half fare plus \$2. Limited to twenty-one days. Date of sale, August 4, 18; September 1, 15 and 29; October 6 and 20.

Theories of cure may be discussed at length by physicians, but the sufferers want quick relief; and One Minute Cough Cure will give it to them. A safe cure for children. It is "the only harmless remedy that produces immediate results." C. D. Stevens.

There is a right way to advertise

any business, and it is comparatively easy to find this right way. There need be no unreasonable chances taken. The advertiser's problem is simply to get his story before the people who are likely to be interested—simply a plain, straightforward statement of what he wishes to do for them. To be sure it requires thought and judgment to do this in the right way, but no more than any other department of a business.

POWER OF THE PRESS.

When the Editor Subdued the Proud Beauty.

She had refused him. Coldly, cruelly turned him down, says the New York Recorder. And he had been so hopeful! He was the editor of a country newspaper and hope had been a necessity in his business. That and \$2 per year in advance.

"I know," he hissed between his set teeth, when he realized she was not to his'n, "I know why you rejected my suit. You think yourself so beautiful that you can barter your personal pulchritude for a coronet."

The haughty beauty smiled unrelentingly.

"And why not?" she responded lightly to his accusation. "Am I not beautiful? True, the world does not know of it yet, for I have shone only in the narrow sphere in which you move; but the time will come when all the beau monde shall acknowledge it and be at my feet."

He pawed the rich oriental Japanese rugs like a restive horse.

"You think thus to set my love aside, do you?" he said, with suppressed fury in his tone. "You think, proud beauty, that you have me in your power. But let me warn you; you little know who you are dealing with."

Notwithstanding that he was an editor his feelings were so intent that he neglected the commonest rules of grammar in his fierce language.

This time she smiled in scorn. "Oh, you threaten, do you?" she said with infinite irony. "Know, sir, that I fear you not. Do your worst."

He strode toward the half-open door and paused on the threshold.

"You have pronounced your own doom," he said, turning to her. "You, who think when the world has seen your face it will worship your beauty and crown you queen. I shall print your picture in the society columns of our next issue and I shall do my worst, as you have asked. Aha!"

It was a supreme moment.

The editor gazed fixedly upon the fickle fair one and the color fled from her face, for hers was no drug-store complexion.

She returned his gaze, because she had no occasion to use it then, and with a low moan of horror the proud beauty came down off her pulchritudinous perch and acknowledged that the power of the press was illimitable, incomprehensible and irresistible.

THE LOVER'S PREPARATIONS.

When He Expected to Meet His Proposed Father-in-Law.

It was 8 o'clock in the magnificent capital of the greatest republic on earth, and the gloaming, oh, my darling, had gone glimmering among the things that were two hours previously, says the Washington Star.

A gaslight burned golden yellow on the corner of one of the beautiful streets leading into Dupont circle and an electric light burned silvery white two blocks down the street, when an ambulance from the emergency hospital stopped in front of a palatial residence in that aristocratic neighborhood and backed up to the curb.

One minute, or perhaps less, after the ambulance had stopped, a handsomely dressed young man jumped out over the tailboard and started toward the steps of the house.

As he did so a policeman, strolling leisurely around the corner beyond, observed the ambulance and instantly sprinted for it.

"Say," exclaimed the officer in the usual chaste and elegant, not to say Chesterfieldian, manner of an excited guardian of the peace, "what's the row?"

"There isn't any—yet," replied the young fellow, with a world of suggested possibility in the way he closed his answer with the word "yet."

"What's the ambulance for?" insisted the policeman.

"For future reference," said the young man evasively.

"That's not what they are usually for," argued the officer, trying to get at the true inwardness of the situation.

"No," and the young man drew closer and spoke very confidentially; "no, but it's different in this case. You see, I'm going to ask a young lady's father for her hand, and as the old man isn't stuck on me I thought it might come handy for me to be prepared for emergencies."

The policeman gave vent to his admiration in a low whistle and waited until a servant came out and told the ambulance driver to go back to the stable.

Not Economical.

Down in Maine, recently, a persistent sewing machine drummer tackled a house in which lived an old bachelor who hadn't a sewing machine. The agent was persistent and the bachelor obdurate until finally the latter said he positively wouldn't buy a machine unless a woman to run it was also provided. Then the agent hunted around and in six weeks had found an elderly but excellent maiden lady who had been waiting for some good man to speak out to her and actually succeeded in getting her married to the bachelor. Then he made a sale of a machine. The bachelor thought he was lucky. If he had been clever he would have taken a woman who already had a machine and saved commissions—New Orleans Picayune.

Following the Fashion.

"Where are you going?" asked the pedestrian. "Oh, I'm jes' takin' a century run," replied Meandering Mike. "But you haven't any bicycle." "No, but de principle's de same. I jes' keeps a-goin' nowhere in pertickler fur de sake o' seein' how much ground I kin cover."—Washington Star.

ASPECTS OF OUR CIVILIZATION.

When Courtesy and Good Manners Are Lacking.

Genuine courtesy and refinement are rare in almost all parts of the world, they are certainly rare in America, says the Forum. The deficiency does not exist in the lower classes alone. It is conspicuous among those favored by fortune. Where in any other of what are called the great centers of civilization could one see a grosser exhibition of boorishness than was recently displayed by the well-to-do crowds at the horse show in New York, in their behavior toward the young duchess and duchess of Marlborough?—women and men crowding and hustling to get a place from which to stare at the newly married pair, vying with each other in the shameless manifestation of the want of self-respect, as well as of decent regard not merely to the conventional but to actual propriety. But a more serious, because a more widespread and permanent exhibition of the lack of due regard for manners, is the neglect, common to all classes of society, of the proper domestic training of children. The frequent and notorious self-sufficiency and impertinence of the American child betray the indifference of parents to the essential and most commonplace considerations of domestic discipline and parental responsibility. The spirit of unchecked independence and of selfish willfulness permitted in childhood develops into youthful lawlessness and resistance to restraint. The hoodlum of the street corner and the rough loafer of the village find their mates among the students of our colleges. The difference between them is only one of circumstance and of degree.

The Grunt of the Pig.

The continual grunting of the pig is of interest as revealing something of the conditions of life of his wild ancestors. A herd of swine scattered in the long grass or among the bracken of a European forest would soon lose sight of one another. But the grunts of each would still advertise his presence to his neighbors and so the individual members of the herd would not lose touch with the main body. Then there are grunts and grunts. If one of my readers will imitate the ingenious Mr. Garner and take a phonograph to the nearest pigsty he might get material to make up a book on the language and grammar of the hog. However thick the jungle the wild pig could, by taking note of the pitch and emphasis of the grunts to the right and left of him, tell pretty much what his hidden colleagues were thinking about.—North American Review.

Life.

I would paint a bright picture of life from birth to grave. I have no sympathy with that pessimism which makes youth a blunder, manhood a struggle and old age a regret.—Rev. J. M. Crozier.

Shades of Newton!

Tommy—Papa, there is a large black bug on the ceiling.
Professor (very busy)—Step on it and let me alone.—Flegende Blaetter.

When a baby comes to the house real happiness comes. The care and anxiety count for nothing against the clinging touch of the little hands and the sound of the little voice. The highest function given to human beings is bringing healthy, happy children into the world. Over thirty years ago the needs of women appealed to Dr. Pierce, now chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. The result of his study improved by thirty years of practice is embodied in Dr. Pierce's Favorite Prescription. It strengthens, purifies and makes healthy the organs distinctly feminine. It gives weak women the strength and health necessary for the production of healthy children and it makes the bearing of those children easy. It is sure to cure any weakness or derangement peculiar to women; stops pain, soothes inflammation, strengthens, purifies, invigorates.
